

Digital versions of all the graphics below can be downloaded from the SRC website.

<http://www.scottishrallychampionship.co.uk/2022-championship-decal-graphic-files/>

Both the sunstrip and bonnet strip graphics have to cater for a wide range of vehicle sizes. You will probably have to trim or resize either of these graphic files to best suit your specific vehicle. Suggested dimensions are provide so you may want to measure the actual length you need and scale the graphic accordingly to print. If you do wish to scale the graphic file, please ensure that you retain the aspect ratio of the logos and words. DO NOT STRETCH THEM HORIZONTALLY OR VERTICALLY. If you could also send me the actual dimensions you use, this would be useful in determining or refining optimal sizes for graphic files. If you have any problems or queries please get in touch. Many thanks.

Robert Beck (rb@srcweb.co.uk)

Sunstrips (Dimensions: 125cm x 15cm).
